Bid for Bonds.

The bids for the sale of Logan street paving bonds were received until noon yesterday. The amount of bonds to bid on were \$23,000.00. One bid was received. The Salt Creek Valley Bank, of Circleville, bid \$23,156.66. The bonds are 4%. This is viewed by the committee as a pretty fair bid, and will probably be accepted at the next Council meeting.

HAD CONFIDENCE IN US.

The Republican Brothers Tender Us The Administration of the Town.

By the Waterloo that it seems we were up against in Logan Monday at the municipal election, it is a very gracious compliment that our Republican brothers tendered us the administration of the city's government. They captured the Marshal, Clerk and Treasurer, but kindly permitted us to have the Mayor, the Council and Board of Public Affairs. The Republicans wanted the salaries, but had confidence that our Mayor and Council were best fitted to govern the affairs of the village.

The weather on Monday was ideal and a heavy vote was cast. Mayor Krieg, dem., was re-elected over Brooke, rep., by more than 50. Sam Price, rep., was elected Marshall over J. F. Mathiot, dem. Dr. G. W. Pullen, rep., was elected over J. W. Gabriel, dem. C. R. Montgomery, rep., was elected over John Pettit, dem. In the council, J. J. Moriarty, Ed. Angle, P. D. Sloan, and G. G. Gage, dem., and Ed. Tritsch and Warren Lanning, rep., were elected. Four to two as to party. In the Board of Public Affairs, H. Lutz and Paul Fox, dem., and George Gladman, rep., were elected.

In Falls township, J. W. Nixon, rep., was elected Trustee over L. Kemper, dem. Henry Kessler, dem., was re-elected Treasurer over Marve Martin, rep.

VICTORY FOR PIKES.

The Friends of "Good Roads" Are Jubilant in Their Rejoicing.

Monday's vote meant a great deal more to Hocking county than the mere matter of electing a few town and township officers. The question whether to bond the county for \$300,000.00 to build pikes was up and for weeks there has been a bitter war between the old mud-dauber foggies and the enterprising citizens. By the decisive vote of more than 1400 majority, the up-to-date people spoke out that the mud-cats have run this county long enough. We will force them out of the mud whether they like it or not, and make them help pay for it. We haven't the figures on the vote but we understand that the west was almost solid against it, while the east and Logan went almost solid for it. The people of Logan are saying, "Let some of those mud-suckers that were against pikes, bob up for office and see what Logan does to them. The leaders are all spotted."

NOTES.

We are indeed very thankful to Ed. S. Martin of Straitville, for his hard and volunteer work in our behalf. Rejoice with us, Mr. Martin.

Editor Chatfield of the Murray City News, might now be rejoicing with us if he had come out for pikes as we implored him to do.

We will say it for the other two, that the newspapers of Logan strained every nerve for pikes.

Charley Wright will now have opposition to his winter corn and hay. All the improvements of Logan have carried against his opposition. The more he opposes, the stronger it carries, and Charley will help pay for the pikes, too.

THE FEDERAL GAS CO.

It is Reported Will Sell Out To the Ohio Fuel Company.

The Ohio Fuel Company of Pittsburg it is said will purchase the lines of the Federal Gas Company who gets their supply of gas now from the old canal bed near Sugar Grove.

The stock holders of the former Company are to meet in Columbus April 29, to vote on increasing the capital of the Ohio Fuel Supply Company from \$2,500,000 to \$4,000,000.

It has been decided to build a 12-inch gas main 40 miles long, from the Utica field in Knox and Licking counties to Columbus at a cost of \$400,000.

The Ohio Company expect to extend a main from the West Virginia fields in the near future, where they hold large possessions.

Resolution of Respect.

Whereas: The messenger of Death has again visited us and summoned from our midst our most esteemed friend and sister, Mary Waner, from her home on earth to her reward in Heaven; and Whereas, Sister Waner needs no monument to tell us that she lived among us, her bright presence and our pleasant associations with her, will ever live in our memories, it is just that a fitting recognition of her life here be held in remembrance:

Therefore Be it Resolved, that the memory of her life be an incentive to each of us to perform cheerfully the duty that falls on us.

Whereas Sister Waner was a charter member of our Council:

Therefore be it resolved that the members of Logan Council No. 58, Degree of Pocahontas, while we bow in humble submission to the will of our Heavenly Father, do feel in her death that the Council has lost a good member.

Be it resolved that we tender our heart-felt sympathy to the bereaved husband, and

Be it Resolved, that our charter be draped in mourning for a period of thirty days, and,

Be it Resolved, that a copy of these resolutions be sent to the bereaved husband, and an other to the Ohio Democrat, for publication.

Also that a copy of these resolutions be spread upon the minutes of the Council.

A CHILD MOTHER.

An Awful Case of Depravity Comes From Kingston Which Calls For the Law.

On Wednesday morning of last week, Prosecuting Attorney Claypool had his attention called to a case of moral depravity in Kingston into which he is now conducting a rigid investigation and if the facts in the matter are such as have been told to him there may be several sensational arrests. It appears that Miss Myers a twelve year old girl has given birth to a baby daughter and although the mother is but a child herself, she is now nursing her infant offspring in a shanty where she resides with her father and a number of other small children, her mother is dead and the girl now in trouble looked after the household duties being rather mild and having a mother's care. The child was born one day last week but died on Sunday. The father is said to be a young fellow 17 years old and he has expressed himself as willing to pay expenses of the girl's sickness and burial of baby.

A Whirlwind of Pleasure.

Would properly term "A Breezy Time." It is one of the most effective musical Farce Comedies in town, this year. There is just plot enough to keep people guessing. As to the specialties given by different members of the Company, each one of whom is an artist in his or her line, and as to the Band and Orchestra, it can be safely said that this season will outshine anything ever seen here in the line of music. There has been written many new additions in the line of comedy to "A Breezy Time" for the coming season, and the above company will surpass anything that may be seen here in the line of Farce Comedy. At the Opera House next Tuesday April 14.

Among The Churches.

There will be evangelistic services at the U. B. Church Thursday and Friday evenings preparatory to the Easter Communion service next Sunday morning.

"The Resurrection" will be the subject at the U. B. church next Sunday morning. In the evening the Junior and Senior Endeavor Societies will give an Easter entertainment entitled "Sweet Spices." The choir of St. John's has prepared special music for Easter. La Hache's Mass in honor of St. Louis will be sung.

At the M. E. church next Sunday morning the subject will be "Easter Day," and in the evening "Why are we not happy." At 2 P. M. the Sunday School will give a special Easter program, to which all are cordially invited.

The Presbyterian church was well filled at both services on Sunday.

The Easter services will be especially attractive, with music and flowers and plants.

Dr. H. J. Steward will speak in the morning on "Will there be a Recognition of Friends in Heaven." At 7:30 P. M. he will have another Easter Sermon, subject, "Christ's Philosophy on Great Themes." Special music at both services.

Fire

At J. Rochester & Sons Does Much Damage.

As we go to press at 2:00 p. m. a fire alarm was given to which the fire department responded to the call. The scene of the fire was at J. Rochester & Sons Dry Goods and Grocery Store on the corner of Main and Mulberry streets.

The fire originated in the second story of the building. The flames had gained considerable headway before the discovery was made.

A stiff western breeze was blowing and when we arrived at the burning building, it looked very desperate and stubborn, but owing to the faithfulness of the members of fire company and other citizens they soon had the fire under their control. The walls of the building were saved, but the roof and entire stock was destroyed.

The loss is estimated at between \$7,000 and \$8,000. The loss is partly covered with insurance.
